Bill 79 Amending the Mining Act: Stimulating the Industry or Another Cause for Concern?

June 1, 2010

The Québec mining industry is currently at the forefront of discussion. We believe it is useful to sum up, for the time being, the proposed new regulatory developments for Québec's mining industry. After briefly outlining the current mining context in Québec, we will review certain provisions of Bill 79 that cause concern with the industry and provide some thoughts.
