On June 16 2009, the Minister of Justice introduced Bill 60 entitled An Act to Amend the *Consumer Protection Act and Other Legislative Provisions* in the National Assembly, which proposes to legislate with respect to three new types of contracts, and sets out certain rules regarding all the contracts for which the Consumer *Protection Act* requires a written instrument.

These amendments reflect the main comments and complaints received by the Office de la protection du consommateur in recent years and endeavour to provide a response to the main issues they raise.
